NORTH ADAMS

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of North Adams as limited space permits. The local resident, the visitor, and the distant reader about North Adams wish to gain an impression of North Adams as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of North Adams's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following, remember that the North Adams City Directory disseminates this information far and wide where this Directory represents North Adams in the Free Directory Library Exchange System of North America. The North Adams City Directory, with over 275 closely printed pages, is the City of North Adams in book form; its family and social life, business and industrial life, is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of North Adams and all interested.

For further information regarding North Adams, address North Adams Chamber of Commerce, or H. A. Manning Company, Publishers of this Directory.

LOCATION—North Adams, known as the Tunnel City, using as a slogan "We Hold the Western Gateway," has adopted as part of its city seal, "We hold the Western Gateway." Lying in the extreme northwestern corner of the state, only five miles from Vermont State line and ten miles from New York State line, it has many of the characteristics of these two great sister states. North Adams is also known as the "Home of the Mohawk Trail." It is the principal city of Northern Berkshire County and dominates it commercially, financially and industrially. It is 37 miles to Greenfield, 142 to Boston, 48 to Troy, 21 to Pittsfield, 176 to New York, 55 to Albany, 65 to Schenectady, 78 to Rutland, 141 to Burlington.

TOPOGRAPHY—North Adams is in the midst of a land of great scenic beauty. Towering to the southwest and only nine miles to the summit is Mt. Greylock, over 3,500 feet, the highest in the state; there is a good road to the summit. To the east is the Hoosac range of mountains which is the local name for this part of the mountain chain extending from the St. Lawrence Valley to Long Island Sound. Farther north there are the Green Mountains, to the south they are called the Berkshire Mountains. This great range presents such an unbroken front that for 80 miles there is no pass through which railroads can find a passing and hence the necessity of boring a tunnel four and three-quarters miles, and giving North Adams a near water level route to the eastern seaboard. Altitude of city 700 feet above sea level. Area of city sixteen square miles. The business section and a portion of the resident section is situated on the floor of the valley, but much of the growth has spread onto the hills so that it can be called a city of hills. The Hoosick River flows through the city and forms a valley to the south and the west where is available land for future growth—level land in these directions for double the present population. Altitude 700 feet above sea level.

INDUSTRIAL—North Adams is essentially an industrial city, and manufactures a greater variety of products than any other city in this part of the state. There are 37 distinct products made here which fact does much to stabilize business conditions. Annual value of products exceeds $17,000,000. There are thirty principal industries, employing 5,000 and paying wages of over $6,000,000 annually. North Adams is prominent in the manufacture of print cloth with two large plants producing crepes, shirts, flannels, satines, bleaching, napping, mercerizing, dyeing, printing and finishing of cotton, silk, worsted and woolen. Worsteds for men's suitings, also general wool fabrics with three large concerns making these products. Cotton cloth and cotton and silk mixtures are produced in large quantities by two mills. Three factories making shoes. Other products are textile machinery, bakery products, leather tanning, box boards, cloth boards, mill brushes, yarns, boxes, baby carriage straps, roll covering, crackers, curtains, printing, rugs, tire fabrics, cigars, garnetting, paper and wood products, snow shoes, snow plows, corduroy velvet, clothing, foundry products, granite working, packing cases, lumber, etc. The plants are scattered over a wide area of the city and more than three miles of territory are covered from east to west.

The Churches

* * *

WITH A TOTAL OF NINETEEN, representing all the leading denominations, North Adams is well supplied with churches.

These noble edifices placed at intervals about the city add much to its attractiveness and charm. It is the belief of many North Adams residents of vision that this full and adequate supply of churches, is one of the greatest of the many resources of the city.

That for newcomers they are a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

The church of today is the greatest of institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against degrading influence that surround us.

Therefore let us give a thought to these institutions that form so great a part of our city life and in visualizing our future greatness as a city let us remember their value as

Industrial North Adams

As an Industrial Center, North Adams is in the pioneer class. Long before modern transportation came, North Adams had its industrial structure founded. The water power of the rivers running through the heart of the city was used by the mills. For many years the destinies of the industries here were guided by local men, and the present plants are the result of the energies of North Adams men.

Among the largest and oldest industries is the making of print cloth; there are two large plants producing crepes, shirtings, flannels, satines, bleachings, napping, mercerizing, dyeing, printing and finishing of cotton, silk, woolen and worsted, which are extensively made here. Worsted for men's suitings, also general wool fabrics with three large concerns making these products. Cotton cloth and cotton and silk mixtures are produced in large quantities by two mills. Shoes are an important product of North Adams factories with three concerns making men's and women's shoes; electrical condensers, paper condensers, textile machinery, leather tanning, box boards, cloth boards, mill brushes, yarns, boxes, baby carriage straps, roll covering, crackers, curtains, printing, rugs, tire fabrics, cigars, clothing, foundry products, granite working, packing cases and lumber are among the varied articles of manufacture.

North Adams is intensely industrial and manufacturers products valued at more than $45,000,000 annually. There are thirty principal industries employing 4,402 males and 1,078 females, and paying wages of over $6,000,000 annually.

Cutting Quality Clothes

Only the very rich can afford to wear inferior clothes. The average business man, however, cannot do so, for his Clothes immediately mark the degree of his success. Therefore it behooves every man, whether he has made his mark or is climbing, to wear clothes that befit his station. Such Clothes are to be found in our most generous stocks.

THE BEST ADVERTISING MEDIUM IS THE

CITY
DIRECTORY

Because It Is Used The Most To Find Just Such Information You Most Wish To Have The Public Know

FIRST—What line of goods you handle. SECOND—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc. and some prefer one kind, some another. What better place to state your special brands than in the City Directory?
